Mr. Tom Van Achte  
Commercial Manager Music  
Galaxy Studios  
Kievitstraat 42 B-2400 Mol, Belgium

Recommendation letter for Mr. Dan Seddon

It is my pleasure to recommend Dan Seddon, his performance working as an assistant audio engineer and technical support engineer for Galaxy Studios Music and Auro Technologies proved that he will be a valuable addition to any company.

I have known Dan for nine months in my capacity as Commercial Manager Music at Galaxy Studios. Dan worked for me and different sound engineers on various projects as an assistant engineer and was the technical support engineer for the facility. Based on his work and personality, I would rank him among of the best assistants / support engineers we have ever had.

Dan distinguished himself by consistently keeping all sessions well organized, keeping the overview on the technical side of all audio related productions (including audio for film, scoring, location recording, auro recordings) and proved himself to be very trustworthy towards all of our clients. Dan is highly intelligent, well educated, well trained and has good analytical and communication skills.

If his performance in our company is a good indication of how he would perform in others, he would be an extremely positive asset to any company.

If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me directly by sending a mail to [tom@galaxy.be](mailto:tom@galaxy.be) .

Yours Sincerely,  
Tom Van Achte
